Customer Reviews

My 2 year old Daughter loves Peppa Pig, so this book is perfect for her. The pages are actually nice feel and she hasn't ripped them yet. The book is a comfortable size to hold and read to her before bed. Highly recommend.

Like all things "Peppa Pig", my 16 month old granddaughter loves these books. She looks at the pictures and points to her favorite characters and enjoys having them read to her over and over. The book was shipped quickly and was priced right. It's difficult to find "Peppa Pig" items in USA stores because it seems that everything Peppa is made in England and you have to find them online. I like these books so much I bought 10 different books, all published by Scholastic. You can't beat the prices here on for these books.

I gave this to my 3 year old granddaughter and she loves it! I read it for her the first time and now she acts like she is reading it to me and i just love it. The story is so cute and I have grown to love these adorable characters just like my granddaughter.

This is a beautifully illustrated book but boy is the story the pits. Peppa goes to Zoe the Zebras house for a sleep over but as soon as she gets there, Zoe's parents are shushing them and constantly telling them not to make noise because daddy needs to wake up early. Well then don't host a bunch of kids! When I'm annoyed with a story I don't read it with as much enthusiasm, So our kid only has mild interest in this book.

My niece loves Peppa Pig so bought her this sleepover book for her 5th birthday. The illustrations are adorable -- love the stuffed animals and sleeping bags of Peppa's friends. Little children are fascinated by sleepovers, so this is an appealing topic.

affordable, light and entertains. what else do i want from a kiddy book? she can take it with her anywhere, and hold it well. ok the paper is light, so don't have your toddler soak it in water or spaghetti marinara and it will be fine.

My 3 yr old loves peppa and she loved this book. I like how the grown ups are always so happy and patient with their children too. The show has a good vibe.

I read this out loud to my daughter and she loved it . Especially the part where daddy zebra plays the piano and puts everyone to sleep. Cute book
