Customer Reviews

Great addition to beginner library of Spanish "start books: My kids enjoy them and they become more fluent and more excited each time they read it. It really boosts their confidence! We HS 3 & 4th grade.

I was already familiar with this book and was surprised when I happened upon it in the Spanish & English edition. It's a great book to use with students learning to speak English or those learning Spanish.

A good reading book for youngest especially it has both English and Spanish. It is a perfect level. I like it.

It just came. A perfect little reader for the early learner. Not overwhelming and nice illustrations.
