Customer Reviews

My kids are 3, 8 and 9. They like all the magic tree house books. My 8 year old has a particular interest in China, so I bought all the Magic Tree House books about China for him. He says they are great!

My son, who is 8, loves all the Magic Tree House books. We were delighted to discover this little gem that is not only very entertaining but also helps learn lots of exciting things and facts about China. My son loves this book as well as The Chinese Pirate: Dare Quest (Volume 1)

These are simple, but they contain a fair amount of information. Interesting for kids. I'm not as crazy about the Magic Treehouse stories, but I really like the research guides.

Mary Pope Osborne does such an excellent job on all her Magic Tree House series and the Fact Trackers. We received this quickly and in great shape for a great price!
