Customer Reviews

other than the one page of missing stickers lol this book is great. my son loves these he is 6 and my daughter is 12 and loves them equally as much, there are pages inside that just require you to find and circle the hidden item. these are great in the car, at a restaurant, or anywhere,. alone or with friends and lots of pages , like 40. easy enough but challenging enough too

My five year old daughter got this for Christmas. She can't stop finding pictures. It's fun that she gets to put a sticker over the hidden picture instead of just circling it. Her 10 year old sister has had as much fun as she has. Sometimes they get stuck and ask me for help. Thank goodness the answers are in the back because I have been stumped on a couple of them! I would say it's very appropriate for the five year old age range.

My 4 year old daughter loves these books. She could do them for hours and is always disappointed when she runs out. You can get a subscription to highlights puzzle books for 6.95/29 page book. This is 8.95/86 pages. that's 50 % cheaper.

So excited to get this for my 5 year old. He has a couple of these that are smaller that he received in the mail randomly and he absolutely loves Highlights Hidden Pictures. This book is much larger than I was expecting (meaning, more pages) and he is thrilled with it! Such a great purchase!

My son loves these books, he is 4 years old. Good for travel or restaurant or just learning. His cousins from 7 to 12 enjoy playing with him too. like the combination of some stickers and some old fashion pencil search.

My 2 and a half yr old loved this. Though its a bit tough to find for her age she tries to find the hidden object as much as she can and with my help she is always very excited to stick it. She gotto learn many words out of this. her favorite pass time.

My 1st grader loved it! He spent hours looking for hidden pictures and did not loose interest for several days. Book has a nice mix of colored and black and white puzzles. Stickers add a nice touch (they are for the black and white pages). Great entertainment value!

My 2 1/2 year old LOVES these books! We were going through all of the sticker puzzles so fast, I had to try to hide the book, lol. She's really good at finding the hidden pictures, and just loves naming the objects on the stickers and putting them where they belong. It's a perfect activity for her (she also loves jigsaw puzzles, reading, etc.), and keeps her captivated for at LEAST 1/2 hour...usually more. It also has hidden picture puzzles without the stickers which she enjoys too, but the stickers are her absolute favorite. Great books! Definitely looking at getting more of them!
