The only thing my daughter wanted for her 10th birthday was a sleepover with 5 of her "best friends". I had no clue where to start to help her...and myself...out on this one. Luckily, we subscribed her to the American Girl magazine & had just received the February edition. It contained so many cool ideas for games, themes...even recipes...and it mentioned this book. I ordered the book the same day & have not regretted it for one second! Erica was able to pretty much plan & run her entire party & she & her friends had a blast doing it! I'd recommend it to any parent whose daughter is begging to have a slumber party...or even just a sleepover with one friend. It lets girls "be in charge" and gives them a great feeling knowing that they were able to plan and carry out the whole thing with only a little help and supervision from mom & dad! Too bad this book wasn't around when I was 10!

This was a great book to read if you ever plan to have a slumber party. It even gives you all sorts of slumber party themes: Island Party, Magical Psychic Party, Hollywood Party, Camp-out Party. It is

the best book ever! Whether you're having a sleepover or not, this book can still entertain you!

My daughter, who is 9 years old, really enjoyed this book. It helped us plan for her slumber party together! It is a wonderful guide and has ideas for cool invitations, 6 different party themes, neat decorations, midnight munchies, games galore, fun crafts, rise and shine breakfasts, special party favors, and super ways of sending off your guests! The beginning of the book reveals 10 secrets to a super sleepover. My favorite one is discussing the rules of the party with your parents beforehand and how to tackle the issues of other family members. My husband even read this book and got inspired to have a camp out with our son! Worth it's weight in gold. Thanks American Girl Library!

I am 14 and I used some ideas from the sleepover book. It was so fun & my friends really liked how we made the food for dinner, midnight, and morning instead of just ordering pizza! wow, I hope someone buys this b/c I love it and even if you don't have enough money to make a sleepover from this, reading it makes you dream nicely! *~*~*~

This book is my favorite book! It has a ton of great ideas for slumber parties. It has games, snacks to make, themes to choose from, invitations to make, and much, much more! You have to get it!

Bought this for my daughter to read to help her plan her 10th birthday party sleep over. Was delighted that the book said the same things I had been telling her (4-6 girls is best, plan a pick up time etc). When I said it I was just a Mother talking. When she read it in the book it was "official" good advice. Has practical tips and creative ideas. Worth buying.

This book was not only very interesting, but full of WONDERFUL ideas. People are still talking about the best sleepover they ever attended. And that was 3 years ago, all thanks to this WONDERFUL book. I can't say enough good things about it!!!!

This is a great book to use if you're having a sleepover. It gives you tons of ideas for yummy treats, fun games, and cool decorations. I would buy this book right away if you're going to have a sleep-over. For my 10th birthday I used this, and it was really helpful. Everyone really enjoyed making treats. The only thing bad about this book is that it's not long enough!!!
