## Customer Reviews

This is a great set of Minecraft books! My 6 year old son has been begging for these for almost a year now, so I finally caved and bought these for a Christmas gift for him. I love that they are hardback books, as they can't bend and tear very easily. This is a solid and quality set of 4 books that come in a nice case, to keep them all together. This is a must have for any Minecraft fan! He's going to LOVE them - and I'm sure they'll all be out for information when he's playing it on our Xbox 360. The price is unbeatable - as I did a lot of research to find the best deal on them. Make sure you

get the updated editions, so you can have the most 'to date' version of the books - although, in another 6 months, we'll probably need an updated version of the updated version. HA!

I bought these books for my son for a gift. I really like the hard back and nice quality. The books have really helped him create so many things on his Minecraft Xbox 360 game. My son is constantly reading and referring to them when building things. These books are a great buy!!

My son has enjoyed these books and rereads them constantly.

My daughter is a HUGE Minecraft fan as many other kids are. I'm sure she hasn't fully picked up though the updated pages of the books. She has noticed some and made me question if we bought the right books because it does not say updated on them. It's only on the clear packaging that's over it. But it is the updated version and they are hardcover books for anyone who is concerned (I don't like paperback too much) so this was a huge plus. Great gift and for an AWESOME price!

My niece was THRILLED with this set of books even though she ALREADY had a set haha. I ended up returning the set and getting her the Steve and Creeper box head-another hit. Nonetheless this item was a HIT (but a duplicate).

this is a lovely book collection that all children dream to have it at home item was exactly like the pictures show, delivery was excellent, and no problem with this seller. I will buy back if I need more of this. my kid love this book, i think if the best collection for kids to read on around middle schools age

These were fantastic perfect for any Minecraft lover. I purchased these for my boyfriend for Christmas and he loved it! The quality is great! Shipping was great the books came in time. If your looking for something for that Minecraft lover in your family (or for your friends) this is a good idea. Although it is mainly for the PC version. But the PC features have been coming to the Xbox at later times. But it is still a really nice gift or a little something for yourself.

The books are hardcover, not paperback as the description.
