Wood And Cork (Let's Create!)

Synopsis

The twelve projects in each colorful volume of the Let's Create! series are designed to broaden both imagination and practical skills. Clear, step-by-step instructions are photographically illustrated but leave plenty of room for independent ideas. The originality of the projects and the materials they use will ignite creativity and bring results that are as useful as they are artistic. From clothespins to bottle stoppers, wood and cork are common craft materials--with many clever use.
