Dear Homeschool parent, if you use LFC then buy these. They are absolutely 100% worth your

money and yes, they are actually fun. The interesting part, is that you can even play the same game but individuals can use the cards from their own language. For example if you have one student studying Greek and the other studying Latin, they each can play this game together with their own cards and have a ton of fun!!!

The price of this product was over \$20. What I received was a small box with two sets of cards side by side. I'm not sure why I felt I would get more than that. I guess I had in my mind that it was a sort of game. Basically I am saying that I feel this product is overpriced in my opinion. Maybe \$15 is a more realistic price.

Item was exactly as described. I am pleased with it as my son uses the cards to quiz himself. We also play the games that are included in the box. Very helpful.

There are so many different ways to use these! I love that just 2 or many can play and learn and apply the language cards!
