Dot To Dot Book For Older Children: Super Fun Edition

Synopsis

Within this book are more complex set of pictures that are perfect for young children who have already been exposed to some schooling. This book is designed to refine the child's pencil hold and count numbers greater than 10. Because the images are bigger, more time will be spent in completing this dot-to-dot book. A great addition to your educational training materials!

Customer Reviews

My mother who is eighty just loved this book. I couldn't find any in my home town that were not for children.

Gift for my 5 year old granddaughter. She loves Dot to Dot and was helpful for learning her the visual sequence of the alphabet.
