Not truly a block a day; each "pattern" starts on Day 1 with a picture of the quilt designed for the blocks that follow, and some of the quilts have pieced sashing as a Block a Day. So, overall, disappointed with the block selection with this one, but impressed by some of the designs. Love the variety, even if it wasn't exactly as past block a day calendars by this designer.

I order this item every year and keep on my computer desk to enjoy the colorful patterns as they change every day. I have also found many of the patterns on the reverse to be useful for small projects. They can also be enlarged.

Sent as a gift. My friend had already had one of these in another year and she said the day-to-day patterns are wonderful so I call Quilt Block and Patter-a-Day 2016 a hit.

Love this calendar. This is my third year to have one, and I depend on it daily. Love seeing the different blocks and quilt patterns in it.

This was Just what I wanted. It's has so many cute and cleaver ideas. Will be ordering the 2017 calender too.

I get my grandmother this calendar every year and she really enjoys the quilt patterns. Great value!

Great fun to see different quilts and quilt blocks each day of the year.

Sil Christmas present. She has started her block a day.
