## **Customer Reviews**

This book was purchased as a Birthday book for my daughter who was turning 6. She loves this book. She can read it mostly by herself but there are some words she needs help with. It is a cute story that my little girl really enjoys.

My three year old daughter loves MLP, and I think it's intended for a little more bigger kids, she loves everything about it. I bought her this book since we (mostly mom) reads her some books at night time, and she just loves it. It is written in a way that small children, including toddlers can see the pictures while adults (or children themselves) can read. Love these series.

This is the 5th (or 6th?) of these Pony books I have gotten for my daughter so far. She is in love with them. I am noticing that she is trying REALLY HARD to learn to read because she is very interested in them.

Our daughter loves Pinkie Pie so when we got this book she just couldn't wait to read it.

My 4 year old daughter loves these books!
