Age Range: 2 - 4 years

Grade Level: Preschool and up

## Customer Reviews

This is a short book with childlike illustrations. The story-line (such as it is) is essentially hide & seek between penguin friends. My son thinks this story is so funny especially when we give the penguin a voice and have him look all around for his friends. (As for myself, I find the story-line lacking but it doesn't faze my son at all.) This book gives us an opportunity to discuss direction up, down, left, right while we seek the other penguins. The book itself is sturdy and the puppet easily fits adult fingers. My son does try to use the puppet on his own but it is too big for him to manipulate. These are definitely books best read with an adult. This is a fun series for toddlers and babies that allows for interactive reading time and imaginative play for little ones and their caregivers. If you are looking for more interactive arctic theme books try Little Polar Bear by the same publisher... Little Polar Bear: Finger Puppet Book (Little Finger Puppet Board Books) or One Little Polar Bear from Top That! Publishing... One Little Polar Bear and His Friends: A pushing, turning, counting book (Push, Turn, and Pull) One Little Polar Bear and His Friends: A pushing, turning, counting book (Push, Turn, and Pull)

It was a gift for my one year old niece. She seems to like it. I think the whole series of books are very cute. The pages are sturdy, and the finger puppets are adorable. Great book for a small child.

We have the Little Crab book from the series and love it. It is cute with a little rhyming story to go along. The penguin book is cute, but the story is lacking. Our son still loves to read it and talk to the penguins on each page.

True, it's not a "story book" per se, but the pictures are engaging and certainly captures a baby's attention -- my 18-month-old nephew loves his book so much I'm having to purchase a replacement as it's starting to suffer somewhat from constant wear-and-tear (apparently it's one of the few things that successfully distracts him when he's out-and-about with his parents)
