Sparky (Dog Diaries Special Edition)

Synopsis

In this Dog Diaries "meets" Horse Diaries Special Crossover Edition, a no-nonsense fire dog meets her match in the biggest, hottest flames Chicago has ever seen "and a rescue horse with an attitude! " In the 1800s, firefighters used horses to pull fire trucks. But horses spook easily and run away from fire "so they needed fire dogs. " And there's no better fire dog than Sparky. Sparky is so good at her job, she knows when the alarm is going to ring before it even rings! But today is no ordinary day. There's no choice but to put Cinders "a rescue horse with an attitude" to work at her very first fire, one destined to become one of the greatest disasters of the nineteenth century! With realistic black-and-white illustrations and an appendix including information about dalmatians, the Great Chicago Fire, and more, this is historical fiction for kids who don't like historical fiction, and a perfect choice for supporting Common Core State Standards. " Get the horse's side of the story! Read Horse Diaries Special Edition: Cinders.

These books are the perfect books for students who are reading about 3rd grade level and up. They are realistic historical non-fiction and high interest. They are all about dogs who are "special". This one is about Sparky who is a fire dog. I like these books because they have information about the

type of dog the story is about, so this one has information about dalmatians. The majority of my 4th graders loved these, even the boys!

The story in this book intertwines with the story in Horse Diaries, titled Cinders. My daughter liked that, she received both books and read them quickly, she's got both series and was waiting for these new books.

My daughter LOVES this entire series. Great, fun to read, and they actually learn some history! Thank you to the makers of these books for not putting out more trash for children to read but instead high quality, interesting and fun reading!

Love this series...
