We got this before a flight and it has been a great activity book for my 2 year old. He loves putting the magnets on the tracks and then saying 'goodnight' to them each evening as we put them back in the case. It's more activity than book. He loves it! Not a day goes by when we don't read it at least once.

While the story is so-so, the fact that it has magnets is a definite plus! Keeps the kids busy in the car, at home, anywhere and the magnets store nicely on the side of the book!

Peep, peep! Thomas and his friends are hard at work. All the people on the Island of Sodor depend on Sir Topham Hatt's railway every day, and they are always glad to see one of the engines coming down the line. Now, children can help, too, by creating their own scenes and stories with 9 fun magnets: Thomas, Gordon, Henry, James, Percy, Mavis, Harold the Helicopter, and two Troublesome Trucks. There are 6 colorful, magnetized, glossy pages to the board book. The story

features short sentences, and children are given plenty of space to arrange the magnets on the story boards. There's a plastic sleeve on the side that holds the magnets when not in use. The closed book holds it shut, so it's unlikely for the magnets to spill out when handled by children. My son has gotten a lot of mileage out of the magnets, even using them on the fridge and other magnetic surfaces.

This is a great and QUIET toy that keeps my son entertained for quite a while considering he is only 2 yrs old. He only gets to play with it on Sundays during church which helps the book keep its "novelty" and keeps my son from getting bored during the hour that he needs to sit still. We like it and highly recommend it.

Excellent book for "quiet" play. I bought this book for my sons (ages 2 & 3) to play with during times we needed to play quietly. I keep it in the diaper bag to pull out at restaurants, doctors visits, church, etc. It is well made- thick magnets and pages. Very durable!

This is my second time ordering this book. My son loves it so much we keep one in the car. It is such a fun book. The pages are magnetic and the magnets are kept secure in the side clear "pocket" when not using. He's 3 and has autism. It's a great reinforcer.

LOVE that this book is magnetic. My son is obsessed with stickers (and sticking them everywhere) so I thought this book would be good for him to stick and re-stick the magnets to the pages. The story is simple and honestly, we haven't read it that much because my son just loves putting the magnets in different places on the pages. The magnet "holder" is sturdy and snaps securely to keep all the magnets in their place.

My boy, who is almost 2.5 years old, is a Thomas fan. He was really thrilled when he received the book. The story is not very attractive and he did not ask for the story. The magnets are very attractive. He asked for the book from time to time.
