Harry Potter Magical Artifacts Coloring Book

Synopsis

Featuring intricate line drawings inspired by the Harry Potter films, this stunning coloring book gives readers the opportunity to color their way through over eightypages of detailed artifacts and props. From wands, potions bottles, and brooms to Voldemortâ™s Horcruxes and the enchanted textbooks and paintings of Hogwarts, the complex designs in this coloring book offer hours of relaxation and artistic fun. Quirky and imaginative, this incredible follow-up to the best-selling Harry Potter: Coloring Book is the perfect gift for fans of all ages.

Language: English

ISBN-10: 1338030027

ISBN-13: 978-1338030020

Product Dimensions: 8.6 x 0.4 x 10.9 inches

Shipping Weight: 13.6 ounces (View shipping rates and policies)

Average Customer Review: 4.6 out of 5 starsÂ Â See all reviewsÂ (30 customer reviews)

Best Sellers Rank: #2,067 in Books (See Top 100 in Books) #8 inÂ Books > Children's Books > Arts, Music & Photography > Art > Drawing #42 inÂ Books > Crafts, Hobbies & Home > Crafts & Hobbies #59 inÂ Books > Children's Books > Activities, Crafts & Games > Activity Books

Age Range: 8 - 12 years

Grade Level: 3 - 7

Customer Reviews

Attached to this review will be a silent flip-through of the entire coloring book so you can make an informed decision as to whether or not it will work for you. I will also include sample photos of a few of the pages in the book. Rather than discuss how this is like or different from the books and/or movie series, I will discuss only how I feel about it as an adult coloring book. There are, once again, color image pages at the back of the book in case you wish to stay true to the original colors. As with the first three books in this series, there is a team of illustrators involved with the designs in this book. It seems like the list is much larger this time and perhaps that is why there is even a less cohesive feel to this book than in the prior three. It is easy to see the differences in design styles and the feel is much more cartoon-like than in the previous books. That may be due, in large part, to the subject matter. Dealing with the artifacts may lend itself to less realistic style drawing but I think

that some of the images might have been improved upon but on the whole, I am fairly pleased with the book. There are some designs that are just a tad more detailed than simple line drawings while there are also many which involve extremely small and intricate elements. These will probably take sharp pointed pencils or ultra-fine nibs to color. I am pleased that, as with the second and third books, there are less designs with heavy black space. I consider this change from the first book to be a huge improvement and am happy with my design options apart from printing issues (see below.) Once again, they have included glossy pages at the end of the book.
