Customer Reviews

This was such a perfect gift for our five-year-old that I bought one for his cousins. He loves filling out the activities and putting on the stickers every month.

LOVE this calendar! This is my second year now buying it for my son. He loves it because he gets to decorate every month. And he enjoys the stickers that it comes with to mark special days like birthdays, baseball games, Taco Night, Movie Night, etc. We have also gotten a lot of use out of the Chore Chart it comes with. It has magnets on the back so it conveniently sticks to our fridge. And gives him an incentive to complete chores and earn "points" towards special rewards.

This is the second year that I buy this, and the kids absolutely love it! they write down their things in there and mine take forever with all of the fun stickers that it has. It also has a chore chart which is a great thing for parents. I highly recommend this for kids ages 6 and up... They truly love looking at their month ahead and this calendar makes it fun to plan out their 'stuff'

This is the best calendar I've ever bought! My 4-year-old loves to decorate it (with the included stickers and by filling out the activity areas that contain mazes, open-ended comic strips, and do-it-yourself stories). I love that the paper is thick enough that markers and pens don't bleed through. Also, the boxes are plenty big enough to fill with daily appointments. I will definitely be buying these each year.

bought this for my kindergartener. She ADORES the gazillion stickers that it came with, colors each month's pictures, and eagerly does the activities. SO glad I bought this. She also tends to be anxious and wonder when things are happening, so this easy-to-read calendar is a great addition to her room. She can write/mark when big events are coming up and also commemorate memorable days with the celebratory stickers that it comes with.

My kid loves this calendar, drawing part of the picture for each month, adding stickers, and marking special days. Each month has a little bit different activity that helps stimulate their creativity. Spaces are large enough to make some notes on the dates. Excellent work in a simple package.

Such a great calendar for kids. Helps my 6yo better grasp the week and month, and she can see when something is coming up. She loves the monthly activity and even the chore chart. I do wish there was something for a weekly activity - she takes dance and Girl Scouts - other than 'practice.'

I have bought this two years in a row (2015 and 2016) and my kids love it. They have so much fun adding the stickers to personalize the main pages and use the stickers for daily events too. My boys are 7 and 10 now, not particularly crafty and not into anything that is geared at young kids. In other words, it's cool enough for them, and that's not always easy to accomplish.
