# Little Blue Truck

## Synopsis

Beep! Beep! Beep! Meet Blue. A muddy country road is no match for this little pick up--that is, until he gets stuck while pushing a dump truck out of the muck. Luckily, Blue has made a pack of farm animal friends along his route. And they're willing to whatever it takes to get their pal back on the road. Filled with truck sounds and animals noises, here is a rollicking homage to the power of friendship and the rewards of helping others.

## Customer Reviews

I just love stories that are cute, rhyme well and offer a good message. This one is so perfect for my little boy. (I think I might love it more though!) it is about a blue truck that sees farm animals along the way, then a dump truck comes around and is rude to him, but gets stuck in the mud. So he and the farm animals help him out of the mud and the dump truck apologizes for being rude. It's a fun book and I highly recommend it for all!!!!

Beep Beep! This is a really sweet book that my 2 year old and 1 year old both love. It's just short enough to keep their attention but they want it read to them over and over. This book has a great lesson in it about friendship and helping someone in need while also reinforcing the farm animals

and their sounds that they make. I gave this as a gift to a 2 year old boy and his mother said it's the first book that he would actually sit down and let her read all the way through to the end. I highly recommend this book to anyone with a toddler.

This book is chockful of excellent textual sound effects (audio quality depends upon the reader, of course). The little truck beeps its horn and numerous animals sound their moos, quacks, clucks, peeps, etc. A great read for young children, and a valuable tool for teaching animals and animal sounds. In addition, the story has great rhyme and rhythm and contains a lesson about nurturing relationships with others. Originally, I had borrowed this book from the library, but I loved it so much that I bought it for my 5 mth old son for Christmas. My daughter is 2, and she LOVES this book. After a reading, she always says, "Again?"

This is currently my favorite childrens book that we own for my 15-month old. Fantastic artwork, words that are so perfectly lyrical you can sing them, and a sweet little story about friends who help each other out.

As a grandma babysitting four days a week for two grandsons (ages 15 months and 26 months) in two different households each with tons of books it seems I am reading constantly... Both grandsons love this book and I thoroughly enjoy reading it - again, and again and again and....This book is sure to be a classic. I can't imagine a child not loving it.

This is a nice book with an easy rhyming scheme that flows nicely when read aloud. for the younger child it has animal sounds that can be 'hammed up' and mimicked. For the older child it has a moral thread: bullies do NOT get ahead in life. They get 'mired' in their own foolishness.

My daughter (2.5 years old) and I both love this book. The illustrations are amazing and the rhyming verse is cute, engaging and easy to read. The moral to the story is obvious and something that every kid needs to learn.

I bought this book when my son was 21 months old. He LOVED everything about the book. It combines his love for trucks and animals into one. It also teaches how to be nice to others and how to work as a team. I highly recommend it!!
