Customer Reviews

Beautifully illustrated, engaging, well written book on the life of Mozart and his lasting influence on the world of music. This was purchased (at .com) as a gift for a young, aspiring student of music.

It gives a good image to those that do not know of Mozart. It gives you a good base to start reading, the best thing that it has many pictures, not too draggy, not too long or overcharged with details. Like

I said in the title, a book for anyone.

My son enjoyed this book. He is currently taking piano lessons and hearing that Mozart was his age when he started composing inspired him try it himself.
