Minecraft: The Survivors' Book Of Secrets: An Official Mojang Book

Synopsis

An all-new official Minecraft™ guidebook full of tips to fend off mobs and withstand the wild! This official Minecraft™ book contains the collective knowledge of the Survivors: an underground group of Minecraft™ experts who have been around since the days of Alpha. "You™re probably wondering why you™ve never heard of us. It™s because we™re THAT good. We™re experts at covert ops. Misdirection is our middle name. We™re invisible up until the exact moment we want you to see us. . . . Our successes are undeniably impressive: we™ve battled the Overworld mobs, dealt with enemy factions, and defeated the ender dragon multiple times. " Study this book carefully and you just might manage to stay alive as long as we have. " THE CHIEF

A very brief collection of tips on how to survive in Minecraft. The book is short, which should make it a nice read for kids interested in Minecraft. I realize the book is modeled after WW2-esque survival books for soldiers abroad, where brevity and portability are crucial, but I was hoping for a bit more. Given that goal of being a 'survival handbook' rather than a fully fleshed-out guide, the book never goes into too much detail about how to do things; it is more about planting the idea of doing something, rather than giving a step-by-step guide--although it does have some nice instructional drawings that complement the text. As brief as the book is, a sizable chunk of the book is dedicated

to combat--fighting and tricking other players or mobs. I would've preferred that same level of dedication to other aspects of the game, like mining, farming, exploration and map-making, redstone and automation, village and villager mechanics (including breeding and trading), the Nether, and the End, all of which were either only briefly mentioned or not mentioned at all. That said, I do recommend the book. I love the matte/textured feel and color of the hardcover, and I think it looks nice on a bookshelf.

Just got it today! I thought it was a little small for its size! But great looking cover. I am on page 50 right now. I gotta say this book is great and had some facts I didn't know. I mostly bought this for PVP facts. Great book! Would recommend to any fan of the game!

This book is a great book! It includes everything about PVP and setting up a base, as well as on how to defeat Minecraft mobs. This book is not for beginners, it is more likely for advanced Minecrafters. The book contains information on how to set up a pretty good base, if you are a complete loser at defeating other players, then this book will teach you how to deal with them. When I bought the book it came in hardcover and was quite small, but it had a vintage look other than most books. It has 105 pages as well as some pages for you to write down your own stuff. The pages are not color, but they have very nice illustrations. This book was also written by the author that wrote Minecraft Essential Handbook. This book covers everything in 1.9 so if it is outdated, then don't be bummed out. The book is a great read. Other than that, there is not much to say, bye!!
