## Customer Reviews

I got it for my daughter(13) and my son (11) stole all his temporary tattoos, so I had to get him one too. I bought the book because I thought she'd like the bright design and the goodies, but I was really glad to see them sitting together, filling in the blank sections and comparing notes. Any chance to get them reading and writing...

This is a great book for any kid who likes soccer. I think every team should have at least one and probably more so they could use the awesome tattoos. I like all the information and the places to write everything. Be sure to give it to someone as a present for the holidays.

I gave a copy of this book to my 9 year-old niece, and she loves it. Several other girls on her soccer

team have picked up the book, too, and now they all sit together after games, filling up the pages. Finding gifts for kids can be hard...but this book will make it easier!

This book is soooooo cool!!! My whole team wore the tatoos at a tournament a month ago and we totally rocked. Plus I've learned some cool tricks from the book.
