Customer Reviews

These coloring books as so convenient to have in a kindle access. I can open a link and print out as many coloring pages for my kids as I want to, and they're very easy to access. Having portability is very convenient, all I need is access to a printer and I can print as much as I need. A great thing for a mom with three kids on summer vacation!!Disclosure: I received this product for free or on a promotional discount for my honest review and they are 100% my own opinions. However your own opinion might vary. I received no monetary compensation and I am not required to give a good review. This disclosure is in accordance with the Federal Trade Commissions Guidelines on Testimony and Advertising. I try to do my reviews honest with the pros and cons I can see myself in a product, with facts that a potential customer might find useful. If my review was helpful to you, would you please vote yes.

My new addiction is coloring books, helps me calm down, helps me relax, and for awhile just escape from life. My imagination is allowed to be as wild as I want, or as pretty or happy or sad, no matter my feeling, I can make the pages just mine. The best part is that with each new book, I find new

ideas for colors, or textures. Easy to take with me when we camp. Glad I found these coloring books for adults.

If your children like animals then this is a good coloring book for them. The kitties and puppies are nothing out of the ordinary , just normal. Good book for those little ones who are just trying to color for the first time but don't want the normal coloring pages of superheros , fairy tales or Sesame Street characters

Great fun for kids. Doing my own and needed ideas. Learn from the best. Love they have free preview too. Thanks.

ACCURATLY PICTURED BY AND RECIEVED IN READY USE. DOES WHAT ITS SUPOSE TO DO

Cute book.
