Customer Reviews

I got this book for my niece and she absolutely loves it! The tunes are familiar to parents everywhere (most of us probably grew up singing them in grade school), but the lyrics have been changed and the result is hilarity. My advice to you: don't waste any more time, buy this book right away! By all rights, this book should be on every kids' shelf and in every library across the country.

This book is a lot of fun. Kids love having it read/sung to them. Even mom and dad enjoy reading it. It will be great for around the campfire too.

This product was as described and the transaction was speedy. I would use this seller again.

We picked this up at the library on a whim and both my preschool age kids LOVE it. Not only do they want to read it again and again, they want to sing the songs whenever we don't have the book with us. Restaurants have always been a struggle to keep them still and patient while we wait for the

food, but I brought this book along the last time and they were enthralled. Very cute and funny.
