## Customer Reviews

My 4 year old son loves this book. His drawing has improved a lot with this book. It is very easy to follow, and I was amazed to see what my son was capable of drawing by following the instructions. I am terrible at drawing myself, and I am happy with this book that allows me to draw decent pictures to my son when he asks me so :)

I LOVE this book. My 6 year old is so happy to be able to create so many different images on his own, now.

My nearly 5 year old son loves this book which is why I give it 5 stars. We bought this in a store and got to look at it. The thing that I know appeals to him is the "instructions". He's a lego lover and loves following the instructions. I also like that there's plenty of room to draw inside the book. A great find!

Perfect book to introduce young children to art!!

my kids love it and have fun learning from it.
