Elephant (Wiggle-Waggles)

Synopsis

This brand-new title in the Wiggle-Waggles board books series features a cheerful Elephant's face on the front cover. It's constructed of layered board sections that create an amusing 3D effect. When kids move Elephant's ears back and forth his mouth moves and he munches on leaves. Children can also touch furry patches in some of the illustrations. The funny story is written in verse, with bright, full-color illustrations on every sturdy board page.

Would have otherwise rated this 4 star if the elephant face didn't fall off. But still my son enjoys touching the elephant trunk n ears n wiggle it. Inside pages image are not vibrant not lively rather dull. Didn't manage to attract my son's attention though

Bought this as a gift to one of our guests to my son's 1st birthday party. It never made it to the party - my son had pulled the nose off within five minutes of finding it on our kitchen table. If this book is made for young kiddos should it not be durable enough to withstand five minutes with them? I thought this book was adorable and couldn't wait to give it to the little girl we invited to the party. The story is very cute....

MY SON RECEIVED THIS BOOK AS ONE OF HIS BIRTHDAY GIFTS WHEN HE TURNED ONE.

IT HAS BECOME HIS FAVORITE BOOK SINCE THEN. IT IS VERY DURABLE, WHICH IS IMPORTANT BECAUSE HE'S PRETTY TOUGH ON HIS TOYS. ITS HAD NO PROBLEM WITHSTANDING ALL ABUSE HE'S DISHED OUT. MAINLY THOUGH NOW HE JUST LIKES TO SEE THE ELEPHANT MOVE AND FEEL IT'S SKIN. GREAT BOOK IN ALL. WOULD RECOMMEND IT AND THIS SELLER ANY TIME. WE GOT IT VERY QUICK IN PERFECT.CONDITION AND WE ARE ALL VERY HAPPY WITH THE PURCHASE.THANKS

My grandson loves this board book. It is colorful, has moving parts, and most importantly has elephants. His little 20 month old hands are just the right size for this book.

This is a cute board book, but I was a bit disappointed that the only page that wiggles is the cover. The rest of the book features very cute art work and a very short story. It's cute, but just not what I was hoping for. Each page mentions wiggling the ears, or trunk or something, but nothing wiggles on those pages. You have to close the book and go back to the cover to demonstrate any wiggling effects to the child. It could be a favorite with a little movement on each page matching the story. Too bad they missed the mark!

I bought this book to accompany the elephant. The book is so cute, pictures are great. It was a nice gift for the mom to be.

This book looked as though it was used when I received it. I was somewhat disappointed as I was giving it as a gift.

Arrived as advertised and on time.
