Reading Comprehension, Grade 3 (Skill Builders)

Synopsis

Skill Builders are great tools for keeping children current during the school year or preparing them for the next grade level. A variety of fun and challenging activities provides students with practice and helps introduce basic skills to new learners. This full-color workbook contains appropriate passages and exercises based on national standards for third grade to help ensure that children master reading comprehension skills before progressing. Skill Builders combines entertaining and interactive activities with eye-catching graphics to make learning and reviewing fun and effective. The compact 6" x 9" size makes this book perfect for school, at home, or on the go. It features 80 perforated, reproducible pages and an answer key.

Customer Reviews

Great book to work on your kid's comprehension skills. This was our weakness in 3rd grade and kid received additional home work to work on comprehension and this book contains great exercises for kid to work on it and understand better what we wanted from him to learn

Nice book for traveling in the car short distances. Got this for my soon-to-be 3rd grader just to brush up on skills during the summer without overdoing it. Nice quick passages for her to work on before we arrive at our destination. Nothing intense, no critical thinking, just something quick to pass the

time. Not recommended for those needing rigor or higher order thinking.

I love Carson-Dellosa products! My son is flourishing in reading now after struggling for years!
These books are spot on for a great education.

Very good A++

Stories are too short and not enough question.

I am satisfied but it should have more pages.

Nice book, need more reading

Thumbs up.
