"What an amazing NOUN this book of dog Mad Libs is! I just can't VERB enough of the hilarious stories inside. What a/an ADJECTIVE purchase. I couldn't VERB it more ADVERB. Just be sure to share it with your friends, or they might get jealous and stop inviting you to their PLURAL NOUN."Running this past my wife:What an amazing FOX this book of dog Mad Libs is! I just can't PUNCH enough of the hilarious stories inside. What a/an DELINQUENT purchase. I couldn't CORRUPT it more TANTALIZINGLY. Just be sure to share it with your friends, or they might get jealous and stop inviting you to their LITTLE FRIENDS.

My 8 yr old LOVES Mad Libs and they have become part of family game night. I never played these as a child (but I think Im the only person who hasn't) so I really like playing and these help with adjectives and grammer and spelling for kids as well. This dog edition was a must have since my daughter's favorite dog breed are pugs (though I dont know why).. Definitely worth the \$3.00 and I will keep buying them from since Prime is my favorite way to buy.

As a fifth grade teacher, I'm always trying to embed mini lessons into my school day. I love that these are quick and easy and allow for kids who finish early to get some exposure to grammar. They always make the kids laugh and learn at the same time. Love these mad libs.

Who doesn't love Mad-Libs!? These are great for road trips, or just anytime we need a really good laugh! Our kids (ages 9, 7, and 4) LOVE these Mad-Libs, and they have learned their parts of speech so quickly! Of course, they always manage to fill the stories with plenty of potty words (much to our dismay)! Of course, I guess we can't complain when they know that poop can be either a noun or a verb depending on the context! :-/ Or, can we??? ;-)

This cracks me up! If you want something fun to do with your school age child on a rainy day or on a car ride, this would be it! Some of the conversations that stem from these are hilarious and the kids have fun being silly. I usually break these out at doctors offices and other stressful places and it works like a charm!

My 9 year old niece had never played mad libs so I added this to her christmas present and it was a hilarious hit for the whole family. Mad libs you never seem to fail when I'm in need of a low cost fun add on gift.

We purchased this for our 10-year old's birthday. All of the stories are pertaining to dogs. You have to fill in the blanks with the specified requests for verbs, adverbs, adjectives, nouns, etc. She had a blast asking us for words, then reading us the story with our words inserted. It kept her entertained on a long road trip. I would definitely recommend this for great entertainment - is well worth it with the laughs it produced!

Mad Libs are fun. They are also a great way to practice parts of speech. I use them with my tutoring students as we work on learning nouns, verbs, adjectives and so forth. This dog themed collection will be popular I'm sure.
