# Antique Maps 2011 Wall Calendar

## Synopsis

Inspired by voyages of discovery and aided by advances in the technology of printing and engraving, the European maps of the sixteenth through nineteenth centuries are extravagantly rich in historical detail. Evidence of an expanding and ever more sophisticated worldview, they are often amazingly accurate as well. The twelve sixteenth- and seventeenth-century maps reproduced in this calendar--depicting diverse locations the world over, from Africa and Europe to Asia and the Arctic--are from the collections of London's Royal Geographical Society, a leading world center for geographic science and education. Size: 12 x 13 in.; opens to 12 x 26 in. Printed on FSC certified paper with soy-based ink.

## Customer Reviews

I have bought Antique Map calendars before, and this one was disappointing. Although there were some cool maps in here, most of them were clearly scanned from a book, and not well, as you can see the middle fold, and then so also, you can see the rounded edges of the center fold at the top and bottom of the center of the page. And so this calendar does not suit my ultimate purpose in framing the pictures later because it they will really look cheap then. Oh well!
