Super Animals! (Disney Zootopia) (Step Into Reading)

Synopsis

The modern mammal metropolis of Zootopia is a city like no other. Comprised of habitat neighborhoods like ritzy Sahara Square and frigid Tundratown, it's a melting pot where no matter what you are, from the biggest elephant to the smallest shrew, you can be anything. But when optimistic Officer Judy Hopps arrives, she discovers that being the first bunny on a police force of big, tough animals isn't so easy. Determined to prove herself, she jumps at the opportunity to crack a case, even if it means partnering with a fast-talking, scam-artist fox, Nick Wilde, to solve the mystery. Walt Disney Animation Studios' Zootopia opens in theaters on March 4, 2016. This Step 2 Step into Reading leveled reader based on Disney Zootopia features collector cards and a shiny cover!

Customer Reviews

My one year old is obsessed with Zootopia! Anything and everything Zootopia she has to have! I think I know all the lines to the movies by heart. She was excited to get this book. She saw it in the store and wanted it, I purchased it on to surprise her. It is well made and the pictures are great, Her book even came with 8 cards with the characters on them and tells more about the character and what kind of animal they are. This a wonderful book. So happy with this purchase.

Arrived on time for my daughter to take to school for show and tell. This is her absolutely favorite movie. *This month at least! For about 2 months it was strictly Frozen and Frozen related items! Now it is Zootopia or bust, LOL!

Very nice for young children to read themselves. Collector cards are great! My Grandson loves them.

My only complaint about this book is regarding the trading cards in the back. They are really hard to get out without ripping either them or the book. Great little book, my son loves the story.

I was reading this book to my 3 year old and the pages started to come apart in the first 30 min. I had to tape the book up within the first day that we received it.

The kids liked it I don't think it was worth the price it was though.

Very basic book. Good for younger kids just starting to read.
