Excellent value, and can keep young children entertained for a few minutes. Now these books are small--but that's kind of the point of these book, I think. They're portable, easy to throw in a briefcase or purse or back of the car, and handy to give to children at the doctor's office waiting room, or in an airport, or on a car trip, or at a restaurant waiting for food, or really, just anywhere where you want to have a short educational (or semi-educational) activity. And I gotta admit, I like that this is an "un-plugged" option. Not on a phone or tablet or screen--just a good old-fashioned book with simple activities, vivid illustrations, and things to *do*--that is, an active, tactile experience--even if the activities are quite simple (like peeling stickers). We don't leave home without a few of these. (Just be prepared, if you haven't ordered these before, for a small booklet, not a *book* book.)

My son loved these. The book contains one sticker for each letter and is about the size of a nickel each. They are colorful and easy to discern what letter they represent. These stickers are a great

learning tool and my toddler loved them.

This is basically a sticker sheet in book form. I imagine the book is actually less packaging than stickers, cardboard and plastic. The stickers are cute and stick well. Just don't think of this as a traditional book, it's just a sticker sheet stapled in a cover.
