Customer Reviews

My children and I enjoyed answering the mind twirling questions. We've read this book on rainy days, when friends come over and sometimes during school. All children will love this book. It's a great challenge for the children's mind. I truly recommend this book.

I was expecting a new copy of this book but what I got was a yellowed cover disappointment. It was meant as part of a birthday present which was embarrassing for me. Not pleased.
