I LOVE these books! I don't get to see my nieces and nephews as much as I would like, but I want them to know I am thinking of them and I love them ... so I send them these books in the mail. Not only do they LOVE receiving mail, but they enjoy the books totally!Fun for all of us!

Ridiculously tiny! Not at all satisfied. I have bought \$1 coloring books with better sizing and quality before from various stores. I don't have such stores in my current location so I chose these. I will never buy these again.

This is a fun book with a different twist, the colors appear after you rub the page. My daughter who is 6 thought it was really cool. It was a popular find in her Easter basket.

I got these for my nieces thinking that you had to scratch the picture for it to appear, but you really just have to run a pencil tip over it and the picture appears. They were really fun for the girls to use,

but after they rubbed them with the pencil there wasn't much coloring because of the pencil markings all over the page. It probably entertained them for half an hour and then they just wanted regular paper to color.
