The Big Book Of Pokemon: The Ultimate Player And Collector's Guide

Synopsis

THE ABSOLUTE BIGGEST, MOST COMPLETE BOOK EVER PRODUCED! The Big Book of Pokmon is the largest, most complete source you'll ever need for all U.S. and Japanese Pokmon trading game cards--With up-to-the minute information on new releases, including the Fossil Series! Using a large format, The Big Book of Pokmon is stuffed with 336 full-color pages of total Pokmon from Alakazam to Weedle. Everything the Pokmon player and collector needs is included: *

- * Full-color photos and collector's guide for every U.S. and Japanese game card set
- * Full-color photos and prices for the rare Japanese promo cards
- * Photos, values and checklists for Burger King Pokmon, Topps, Action Flipz and others
- * Ten ultimate fantasy decks, chosen by the game's top experts
- * Hot playing tips and strategies
- * New releases and ratings for GameBoy including Pokmon Snap
- * Answers to frequently asked questions about the card and video games
- * Pok trivia: facts about Pikachu, Mew, Hitmonlee, Togepi and all your favorites
- * Counterfeit alerts, collecting tips, and sources
- * Pokmania-everything Pokmon from plush toys to cameras

Written by a team of Pokmon experts, The Big Book of Pokmon is the only source you'll need.

Customer Reviews

When this book was written, Pokemon was the biggest thing on the planet. The book serves primarily as a history book in my opinion. The book is definitely "big" as the cover says. 300 pages! There's full color images of the original 151 Pokemon with their stats. There images of the

main characters and Bios. There's images of all the U.S. & Japanese Pokemon cards that existed back then. All the Burger King toys & cards are displayed. And there's Killer Decks for those that want to look back at the theory behind the Power decks. If you or your kids are just getting into Pokemon, this will keep them entertained for hours. If you've been into Pokemon since 1998 ... then you'll have fun looking back on the good times. ;-)

Updated - "Make sure to pick up Pojo's Total Pokemon, as it picks up where this book left off, and was updated for 2004!"

I think this is a very good book which gives you information about the trading card game and prices (the important things) the only thing which prevents it from getting 5 stars is that new sets are going to come out and this book won't be able to cover them all but it's the best book about the cards which are out there right now

This was a Christmas gift for one of my grandsons. He likes it because he can see each type of Pokemon and know their weaknesses and what they are effective against. He keeps it at hand so he can refer to it every time he needs to know something about Pokemon.

This review is being typed on behalf of my 9 year old daughter! She says very informative and a great book for a Pokemon lover!

I have many books that have old cards and not current info. but this book has all all the all the cards ,I say this is the best pokemon price book ever!

Our 11 year old is really into Pokemon, and this is his favorite Pokemon book. He loves it so much that this is our 2nd copy we've ordered. (I wish they had printed it in hardcover.) Keep in mind that this book is not a new release, but came out in the beginning of Pokemon times. Therefore, it does not contain information on the "new" pokemon that have come out since this was printed.

I ordered this book for my son based on the information provided. I am very pleased with the service. My book arrived alot earlier than i had planned, and in much better condition than i had originally thought. It is a great book and very much what i needed for my child. Thank you so very much

Surely outdated by now. I'm slow on giving reviews. But the kids enjoyed it. My son just recently

gave it away to someone on the secret santa list at school. He was ecstatic. Of course, my son also gave him over 1000 pokemon cards too. LOL
