Flower Spirits 2016 Wall Calendar

Synopsis

One of only a few radiographic photographers practicing today, Steven N. Meyers uses x-ray photography to capture the texture and details of flowers in invisible light. To obtain these effects, invisible to the human eye, Steven uses supersensitive, large format film. His luminous images have been enhanced with digital color.

Book Information

Calendar: 36 pages

Customer Reviews

I like this so much, I buy it every year.

Love this artist and I buy his calendar every year

I bought for someone else and they loved it.

This a beautiful calendar; I am fascinated by the technique. I have been buying it for several years. Always lifts my spirits to look at the amazing images.

This is my fourth edition. I gave one to my seven year old grandson for Christmas last year after he saw mine and wanted one of his own..
