My eyesight is not the best these days, even with glasses. The pictures are just beautiful. And the most important is that I can see the date from across the room. At the end of the year, I give the pictures to our local church for the children to use in making cards and posters.

Actually, I have not opened this year's calendar, but based on the one I had for 2014, my expectations are quite high. All of the pictures are quite beautiful. I appreciate the variety. On one day, I'll see a close-up view of a gorgeous rose. On another day, I'll see a field of blooms. Occasionally, I'll see a botanical illustration of an entire flowering plant. This calendar is one of the joys of getting up early in the morning.

I purchase this every year for my 87 year old mother. She can't see very well but it is important for her to know what day it is and day of the week. She loves the surprise of every day and the flowers

are beautiful....very nicely made

This is a beautiful, large calendar- each page features a full-color, glossy photo of a flower, plus the date and information about the flower. There are a few botanical illustrations sprinkled throughout, as well. I get these calendars every year and this year is just as beautiful as previous years. If you like gardening, or floral images, this is perfect. Highly recommended.

GORGEOUS flowers. Paper is substantial weight and the photos are the highest quality. After four years of buying the Bird version of this calendar, I bought the flower one as a gift, and the recipient loved it. It's a little burst of sunshine every day.

Stunning and beautiful photographs. Each day it's a complete joy to change to the next picture. This is one of the best daily, desk-calendars I've bought. Obviously it helps if you like flowers :) The size is awesome too! The pictures are not teeny tiny, they are 6 by 6" and the weekend ones are 6 by 5.5". A real variety of pictures too: close up of single flowers, abundant flowers crowding a path, wildflowers on a hillside. Also there is always the name of the particular flower provided.. I think I'll be buying this yearly to help me get through the 4-5 months of winter here.

Very pretty picture calendar with a stand. But I really preferred the ones they used to make with the tear off pages. It was not clear when I ordered that this is basically 1/2 pages and must put all to the back till 1/2 way then turn all around. Do not really care for this setup as I can't use for notes ,etc.

I buy these Workman Publishing Daily Gallery calendars as gifts and everyone loves them. They will actually save the cards and share them with others. If you are looking for a calendar to buy, choose Workman Publishing.
