Customer Reviews

Kids like it, each page talks about a different color, even explains how rainbows are made. Has all the characters.

This book is a cute read and rhymes the whole way through. My 2 1/2 year old daughter really enjoys it! It's super colorful and bright. Plus the fun mirror project at the back on the book is really educational and my daughter really got a kick out of it, even at such a young age. The book teaches your child about the colors of the rainbow as well as how a rainbow is formed. The mirror at the back is a hands on way to show them what they just read about.

The kindle versions of these Disney books are really nice. The pictures are bright and clear, and the text is easy to read. We have the paperback version and the kindle version of this book. I prefer the kindle version because the paper version is already falling apart, and the kindle version has brighter pictures.

For the price, you can't beat this Minnie book. It goes through the colors, has the Disney characters, and provides a nice hide-and-seek for the child.

Good story, rhyming and colors but best of all you get to the end and there is a mirror and instructions for an experiment you can do! My daughter is a little young for the experiment but she loves that she sees herself in the mirror @ the end after hearing about all of Minnie's other friends, she's at the end!!

If your kid loves Rainbows, they'll love "Minnie's Rainbow". It's a cute book for the wee ones. They enjoy having it read to them, and looking at the colorful pictures. It's a story from Mickey Mouse's Clubhouse. My little ones love it.

Beautiful, bright, colorful illustrations with two rhyming lines per page. There is a rainbow for your child to find on each page. Just long enough to keep my toddler's attention. Perfect book featuring her favorite Mickey Mouse Clubhouse characters!

My 2 year old loves this book. It is perfect for learning colors and she loves to find the rainbow on each page. The foil in the back to "make a rainbow" was ripped out and lost the first day, but it makes no difference to the story.
