Customer Reviews

much nicer than i expected. i thought these were small 'Little Golden' style story books, but they are full sized books [8.5 inches by 11 inches], with a soft padded binding. they are also much longer than i expected. each book has nearly 200 pages, with about 12 stories in each. very nice.

I was pleasantly surprised to see how big these books are! I'm not sure they will fit in the Easter Baskets!!! I can't wait to sit with my boys and read these. Nice, hard but soft (maybe padded or thick?) cover, durable pages but not like board books for toddlers either. I'm sure they will be read many times!

These books are always a winner in our house. They are a great size with many stories to keep our son interested and wanting to read them again. I buy these often for birthday gifts. Well worth the great price!

Great stories for my 10 and under boys. Fun to read to them and short enough for them to read-aloud. This book is excellent quality with a thick, beautiful cover and vivid pages - much better than I expected for the price.

My son loves this book. We read it every night. He looks forward to reading it. The pages are more construction paper type look if that makes sense-it's not the glossy finish/slick feel. The pages are more like an adult's chapter book type feel with pictures. It doesn't bother us at all, but might be worth mentioning. Our other marvel book was different. Overall, great!

These stories make reading fun for the kids and they enjoy looking at the artwork. Good mix of hero stories and no duplicates from the 5 minute Marvel book we already own.

These books are well put together, beautifully illustrated, and made my 9 year old nephew (as well as my daughter's 21 year old fiance) excited to get into reading them.

My nephew loves these books. They are developmentally appropriate and not too mature for four-year-olds. They definitely foster a love of reading!
