What a fun book. Super bright colors, great graphics, and what a fun storyline. My son is a beginner reader, he's 6, and needs some help with this, but for the most part young readers will know most words. This book is appropriate for all ages, but will work best for kids with a good sense of humor.

Love our Teen Titans!!! My son, who is five and a half loves them! This story is a retelling of the TV episode, but unlike many other stories based on TV, this one is well written and has quite a bit of text and good illustrations. I pre-ordered the rest of those books too!

my brother enjoyed this book and he wants to read more. he loves teen titans go. his favorite person is beast boy and it is mostly about him so he loves this book. it is so worth it.

Good for new readers who love this show.

Got the book as a gag gift for my boyfriend. He loved it and told me it was based on his favorite episode. Needless to say the book was a big hit. Funny story and great illustration.

Very nice book. My son is 5 and a huge teen titans fan. It's hard to find teen titans merchandise anywhere and I got this in two days. The colors are vibrant and very detailed.

One of mine and my son's favorite stories. We love watching TT so it makes even better when I imitate the way they talk during story time. Great book. Very fun!

Fast delivery. After reading another teen titan book to my little guy he fell in love with the Burger vs burrito song. Nice fresh paperback book.
