A fun song and book to use with elementary children. Children love rhyming songs and this one is a great one to sing and read. You can act out the song with a classroom of students. To extend the activity, have children create their own marching song using a different animal. (dogs, cats, giraffes, etc.) They can also illustrate their own texts to create a personal picture book.

I purchased this book and cd for my grandsons, ages 13 and 26 months. They absolutely love it! I was not surprised, having previously purchased the "Fire Truck" book and cd. I don't expect them to follow along on their own. I turn the pages of the book as we go. Great choice for kids who love books and music. Very worth the money.

Love this book. Its great for kids of the just starting to read age.

Their was no cd inside.

my daughters had difficulty turning the pages fast enough to keep up with the CD. They enjoyed the Book and CD though and overall i think its a fun set but be warned the Ants can only go marching so many times in a Minivan before they disapear..
