Yeah! Yeah! Yeah!: The Beatles, Beatlemania, And The Music That Changed The World

Synopsis

It starts in the housing projects and school playgrounds of Liverpool, where four boys would discover themselves--and a new form of music called rock 'n roll. It takes us from the famous first meeting between John and Paul, to the clubs of Liverpool and Germany when George and Ringo join the band, down Penny Lane and Strawberry Fields, to America and the height of the Beatles' success--when they were still teenagers. In *Yeah! Yeah! Yeah!*, Spitz recreates the thrills, tears and magic of his New York Times bestselling adult biography, but in a style and format that's accessible for young readers. This book includes photos, sidebars and graphic elements. It's a book about teens who changed the world.

Book Information

Hardcover: 240 pages

Publisher: Little, Brown Books for Young Readers (September 19, 2007)

Language: English

ISBN-10: 031611555X

ISBN-13: 978-0316115551

Product Dimensions: 9 x 0.8 x 9.5 inches

Shipping Weight: 2 pounds

Average Customer Review: 4.6 out of 5 stars [See all reviews](#) (8 customer reviews)

Best Sellers Rank: #1,093,936 in Books (See Top 100 in Books) #32 in [Books > Children's Books > Arts, Music & Photography > Music > Rock](#) #189 in [Books > Humor & Entertainment > Pop Culture > Beatles](#) #271 in [Books > Children's Books > Biographies > Musical](#)

Age Range: 8 - 12 years

Grade Level: 3 - 7

Customer Reviews

By James Wallace-Lee *Yeah! Yeah! Yeah!* is a simple but complete narrative of the life and music of one of the biggest bands of all time, The Beatles. Bob Spitz, a long time writer of many rock books, shares an almost entire biography of each of the four men in the legendary group. Though this book is targeted for younger people (Spitz has written an adult biography of the same band), it is very enjoyable for fans of all ages. The book's many focuses range from the life of the boys before the band, the start of the band, where John Lennon and Paul McCartney meet for the first time after a performance from John's skiffle band, the Quarry Men, to the start of the band, all through the Beatles' performances, and finally the end of the extraordinary band. The book clearly illustrates the

many stages of the group, from rock as a form of music mainly about girls and cars, to their later use of drugs as a form of art, and later on, a deep interest in religious and spiritual meaning through peace and meditation, and how their many interests shaped the music of that time. I loved the book. It was written in so that people with less knowledge about the band and the time could understand and enjoy it, while people more familiar with the group could still learn from and love. It was unlike most biographies--it seemed to have little of the author's opinion, but the well researched book offered countless quotes and inside information. My favorite part of the book, however, would have to be the many side panels and boxes with little fun facts, ranging from definitions to stories to quotes and explanations. The book was a lot of fun. I learned a lot, and, being an avid Beatles fan, was able to relate to a lot of things.
