Baby, you light up my world like nobody else. . . ' One Direction is the hottest thing right now, and makes all the girls go crazy. This book is a behind the scenes look at the band. This is the sort of book I would have loved when I was a tween. It reminds me of Tiger Beat or Bop. Do you remember those? Anyway, the band answers all sorts of questions about their likes and dislikes, there is a quiz to find out which guy is right for you, and they talk about the making of One Direction. It's full of photos that girls will drool over and over again. If you know someone who loves this band, you should buy them this book. They will thank you for it!

Good behind the scenes book. Shows that not only are the boys beautiful on the outside. They are really nice and kind on the inside too. I found it fascinating. Katy Scott-----Author of [[[...]]]

It was a truly inspiring book. It teaches dreamers to never stop dreaming until you achieve it! I recommend this book for One Direction Fans! I am a huge fan of One Direction, they have brought an amazing world of music into my life and many others! Liam, Harry, Louis, Niall, and Zayn got a second chance on X-Factor, I'm so glad they made it through together!

If you are a huge directioner and want to know what happens with the boys behind the scenes, then this is the perfect book for you. It says what each individual actually said about their experiences. I think it's really cool because it's like an inside look of what goes on in their daily lives.

I love it, I finished reading it and I read it at school during reading time and it amused me so I give it 5 stars. Every directioner should get this! When I opened the package, I was sooo happy!
