A Serious must have for any Directioner. The simple fact that it has anything to do with One Direction makes it pretty freakin' awesome. I chose 5/5 stars because, I mean, C'MON. IT WAS AMAZAYN, PHENOMINIAL, EXTRODINHARRY, BRILLIAM AND FABULOUIS!! I'd recomend it to any human/subhuman species out there in a heartbeat. Shut the door, turn the lights off, I wanna see you read One Direction: *Where We Are: Our Band, Our Story*!

I am a One Direction fan and I loved this book! This is a great story about how they started and where they are now.

My daughter has so many 1D books but this one has got to be the best one yet. I think it is good size and the color is great. It has lots of colorful pictures inside. My daughter loves this book. I would recommend this book to anyone that has a child that is a 1D fan.

Work Hard, Play Hard, Be Kind- Harry Styles IS IT BETTER?=====Most One Direction fans will have bought the previous book which was superb. One Direction: Dare to Dream: Life as One Direction So to improve upon that is a Really. Difficult. Task. The book has sections on each of the boys. It has the most amazing backstage and on-stage photography of the group. Comparing the last book and this. The last one had more information and facts of when they were little. But this one has better pictures, more up to date facts and is simple brilliant. FUN, KIND AND LOVELY=====It does show how nice each of the boys are. That's why they appeal to young children and their grandmas. All round appeal. It's a lovely book to read and ideal for a gift. BUY IT=====I did. You should too. KATY SCOTT=====Author of [...]

I am a huge One Direction fan myself and I absolutely loved this book to pieces !! If you live on planet earth it is unforgivable that you do not know about these boys! It talks about these 5 amazing boys and their ups and downs. It shows us fans what these boys have gone through and what they are still going through for us! I strongly recommend it for the fans and for any one who wants know about these boys.

A great update on the boys. I'm looking forward to the next 'annual update' & the release of the next 'autobiography'. I hate to be promoting the cash cow that is 1D paraphernalia, but these interviews with the boys make this a great buy

...There was nothing in here that I hadn't already known Bout the boys due to the movie, interviews, and just from videos of the boys. I loved hearing some of their thoughts, but I don't think this book is worth it to the die-hard fans. They already know all of it. Check, you could probably watch the movie and get the same content... I wouldn't waste the money on it unless you just now getting in the game. Good book to borrow though.

This is the first thing I purchased off of and I was nervous because it was also my first time online shopping so I didn't know what to expect. is great because it's simple and easy no worries and what's also great is that the puctuality and timing was right on the date so I didn't have to stress

over when it was going to come. overall great experience and I will definitely shop on again!
