Wild Weather Mazes

Synopsis

Step right into the eye of the hurricane, the heart of the storm, the middle of a mudslide, and the hub of all kinds of wild weather! Then, hurry and head to safe ground...if you can. But, beware, because these fun mazes are going to try to trick you into straying off course. First stop: Tornado Alley. And, it's a real mess there, because TWO terrible tornadoes have touched down. You can save some buildings, though, by finding the path of least destruction. Next up: leave the wind and face the hail and the rain. Your job will include reaching shelter beneath an overpass and shoring up a riverbank that's overrun by a flash flood. Later, you'll also confront lightning fires (work your way around them) and typhoons. Here's a test: jump on your motorcycle and try to get out of town before the hurricane's fury hits...21 mazes in all!
