Customer Reviews

Although it's visually very attractive, this calendar is useless, as the days start on Monday, not Sunday. If one were glancing at the calendar to figure out the date, one would think the second column would be Monday. However, on this calendar the second column is Tuesday. Therefore, it's useless for American users. Fortunately, gave me a quick refund and free shipping back to their company.

I love this calendar, the best thing about it is that weeks start by Monday. I always set my weeks start on Monday in my desktop and smart phones but this is the first time that I have found a wall calendar that weeks start on Monday. Beside that the columns of Saturday and Sunday are slightly shaded to distinguish them from the rest of the days. The quality of paper and print is great too.
