Lion Guard Defend! This book is great and well worth the money. It's a really good sized book and my little guy loves going through it and looking at all the real pictures of animals. It's also full of illustrations from the hit show "Lion Guard." The hologram aspect of the book is pretty neat too and offers an aspect of "play" into the book. If you have a Lion Guard fan in your house, then this book is must!!

Lion Guard is my daughters favorite show! So I jumped at a chance to get her a book for us to read together. The book is so cute. Unfortunately the book was a little damaged. The binding was tearing a little when it arrived. But otherwise a great book.

Beautifully presented and educational this book will enhance anyone library of African wildlife and

reference materials in addition to being a great children's book.

This book was poorly made. The pages were all warped and there is already a crack along the cover where the book opens up where the book opens

Very cute book! Lots of fun and great hologram pictures! My kids love the lion guard and were very excited about this book

My grandson loves this book I bought him for Easter. He can't get enough of anything Lion Guard.

Even better than expected! Can't wait to give this to my little guy for Easter!

LOVE THIS! Wish more Lion Guard books and toys were available for littles
