Disney Doc McStuffins Movie Theater Storybook & Movie Projector

Synopsis

Based on Disney Junior's popular series Doc McStuffins, this book with three stories comes with a removable projector and 5 disks that contain 20 fun-filled movie images to accompany the stories. Doc, with the help of her magic stethoscope, can bring stuffed animals and other toys to life and help them when they are not feeling well. Kids will love this delightful episode-based storybook in which they discover how Doc helps a crane with a broken arm, a deflated soccer ball, and her very own Lambie when she needs stitches. Icons in the book prompt kids to project images from the episodes on the wall with the removable movie projector and five included image discs.

Customer Reviews

My 2 year old loves Doc McStuffins and we saw this book at Barnes and Noble but it was way cheaper at so I ordered it right away. The stories are derived from three of the cartoon episodes so if your child watches Doc McStuffins as frequently as mine does, they'll recognize the stories right away. The best part is the little "movie projector". It's basically a flashlight and comes with little film discs that you can project images from each story onto the wall or the book or anywhere else. At first, I thought the flashlight didn't work well as the pictures came out very blurry and then I realized

that you can focus by turning the light end around. My daughter loves shining the pictures on the ceiling or the wall while I read the stories to her at bedtime and she keeps the flashlight with her all night. Sometimes she keeps it on all night and so far it hasn't run out of batteries yet so A++ on this product all around!

We got this for our 3 year old daughter for Christmas. She loves it. She can change the images herself and uses the projector as a flashlight as well. She's gotten hours of entertainment out of this.

Beautiful book. My grandchild is thrilled with it. Read all the stories while she held the projector and moved the discs along with the story.

My Granddaughter has so much fun with this Movie Theater Storybook. Great value for all the entertainment it provides my granddaughter.

Got this book at the airport in Denver to pacify my 2 yr old daughter. She loves it and has been playing with it even now, at home.

Bought for my 2yr old niece for Christmas. She literally screamed with delight!
