Customer Reviews

I bought this book as a Christmas gift for a little girl who is just learning to read. It has large print and a simplified story that goes along with the Disney movie version of the fairy tale. A great way to get a child interested in reading.

Very cute and brightly colored book, nice condensed version of the story, perfect for new readers, big print clear scented structure. Makes a great gift for preschoolers and early readers. Happy with purchase.

We like the Little Mermaid around here, so it is nice to have another book about her for my daughter to read. We are not quite ready to use the steps to reading, but the big words are helpful for letter identification, and the colorful pictures help keep her engaged.

Just like an abridged version of the movie. My 5 year old loves the Little Mermaid and it motivated her to read on her own. Very satisfied customer.

These books are great, large print and my daughter loves all things Disney. We read at least 3 of these books daily-she loves them and so do I!!!! Definitely recommend for all first time readers!!!!

Great book! My twins, girl and boy love it! It's a really short version of the traditional story. Highly recommend!

Extremely basic storybook version of the movie. Great level for my twins (2.75) to have read aloud. They love this movie and so they love the storybook, too.

Ariel book!!!
