Customer Reviews

I bought this for my 6 yr old daughter and she loved it! Immediately asked me for another one... wish all the books were available through Kindle, or prime. The way this book is written, makes it so the kids not only enjoy it, but learn and retain the information.

My son loves the Who Would Win books. They are educational, fun and not too "sugar-coated" - perfect for my little guy!

My kids love this book. When I read it to the kids it was quite comical.

Excellent for upper elementary students when learning to read non-fiction. Kids love to predict who will win and learn something about both animals along the way.

These books are so fun to read and packed with meaningful info on your favorite animals. Perfect

for kindergarten ears and grade 1-2.

Interesting book. I like the checklist at the back that lets you decide between the two. My son is in second grade and it's a good fit reading level for him.

My seven year old son though this was a great book. I loved that it teaches different facts about the whale and the shark

Perfect for my 8 year old boy who is a reluctant reader! Will definitely be ordering more from this series!
