Customer Reviews

Best Tree Goat calendar on the market. For those who have suffered with common Gregorian ground goat calendars, this is a nice elevation.

At first 18 months of goats in trees sounded like a complete steal, an excellent use of \$10, and quite frankly everything that I look for in a decorative wall calendar. Upon receiving the calendar, my excitement quickly turned to disappointment. Instead I was presented with 12 months of goats in trees instead of the expected 18! I was outraged! Instead they provided what I would call lack-luster display of 6 months headed by a small picture of 2 goats in a tree. There at least should have been 6 goats in that tree. One for every month of goats trees that was stolen from me. Not only is this false advertising, it is a major disappointment to goat enthusiast, and a misuse of the goat models and trees that clearly provided more than enough material for the people who put this calendar together. Don't settle for the 12 months!

My husband is obsessed with goats, so I have to order one of these every year. They are apparently a great conversation piece with his employees. Whenever someone walks into his office,

they do a double take & get a good laugh. A must-have for any goat lover!

love the goats in trees. bought 2 calendars just to cut out the pictures of the goats in trees. always puts a smile on my face

If you have a love of goats and trees, look no further. An excellent variety of goats, trees and locations. Highly recommended. If you have a love of joke gifts, look no further. An excellent variety of goats, trees and locations. Highly recommended. It'll really get their goat.

Great gift!

I love goats... I love trees... Goats in trees, pure awesomeness. If they make one with goats standing on cows... I'll clear some wall space

Probably the greatest calendar ever created. You can't go wrong with goats in trees. 18 months of pure enjoyment.
