God Gave Us Two

Synopsis

Now that Mama polar bear has another baby in her tummy, Little Cub is bursting with curiosity. "Why do we need a new baby?" she asks. "If we don't like the new baby, can we send it back?" "Will you forget me when the new baby comes?" Gently and lovingly, Mama and Papa assure their firstborn that the new baby is a gift from God they want very much, just as Little Cub was "and still is. "God gave us you. Now he's given us two!" The winsome sequel to *God Gave Us You, God Gave Us Two* playfully affirms a child's uniqueness and place in the family and helps little ones accept, appreciate, and love their new siblings.

Age Range: 3 - 7 years

Grade Level: Preschool - 2

Customer Reviews

I bought this thinking it would be a good book for making the first child feel special once there was a second child. While I love *God gave us you*, this story is a bit confusing mathwise as it is *God gave us two* yet they end up having twins so it is really *God gave us three*. Unless you know you are having twins don't bother. Too confusing for the age group it is intended for. For a good book on the same theme with less confusion try "All my favorites." There are three bears in that one but it makes sense.

Our son has "God Gave Us You" and enjoys the book (as do we) so when we learned we were

expecting a second child, we thought this would be a great preparation book since it is an extension of the characters in the book we already have. What we weren't expecting is the outcome of Mama Bear's second pregnancy: twins! So, as "Little Cub" says, the book is really about "God Gave Us Three". The story leading up to the finale is good, we just wish we had known that it was going to discuss twins as now we have to explain each time that we are only having one baby NOT two.

I bought this book because we had been given "God Gave Us You" when our first son was born. I imagined that the second book would be very similar and sweet. Unfortunately, I was very, very disappointed. Our son is now 3 and is eagerly anticipating the birth of our second son. He has NO negative feelings about this baby and is nothing but elated about the thought of having a baby brother to help take care of and love. This book however, if read the way it is written does a great job of instilling quite a few negative thoughts, perceptions, and ideas about having a baby to an older sibling, where none may have been before! Some quotes from the books, "Little cub asks, 'Mama, if the baby cries too much, can we send it back?'" and "Maybe having a baby won't be ALL bad.". Really? I am so discouraged by this book. I ended up whitening out the text on several pages and writing in my own words. So sad. Do NOT buy this if you are looking for something similar to the first. Here are a few really great books on being a big brother: I'm a Big Brother! by Ronne Randall and Kristina Stephenson and My Big Brother by Valorie Fisher

This is a sweet little book and definitely one that can be helpful in explaining to a child that a new sibling is on the way. Unfortunately, the title and the descriptions are a bit misleading. This book is about the arrival of twins and might lead to some confusion with your kids when the little bear ends up with twin siblings in the end. So make sure you know this is the book you need when you are considering something to help your child understand that your family will soon be growing. It loses a couple of stars because the publisher needs to better explain what the book is about in the description.

Yes, we love Jesus, but this book is just awful to read. I have seen others in this series which I'm also not a fan. So, it comes down to writing preference, if you like others in the series, you will probably like it. If you don't, steer clear. On the plus side, my son likes the pictures... so we make up our own words as he is a pre-reader...

I saw this at a baby shower and had to have it! The illustrations are wonderful, and the book

combines a little religion and a wonderful way for parents to explain the blessing of a second (or third...) sibling. We have enjoyed this book very much.

I am super impressed with this God Gave Us Two Hardcover â “ September 18, 2001by Lisa Tawn Bergren (Author), Laura J. Bryant (Author). It is so cute. I will be giving this book to my twins during twins fest next month. they will love it! Wonderful quality. super pleased with this product. I am very happy to say the least. Thank you so much! I hope to do business with this seller again in the near future. Thank you for the expediency and swiftness of the order. Next time I am looking for a product similar to this, I will definitely keep this seller in mind and be sure to tell others I know about where I got mine so they can purchase it the same. High quality product well worth the purchase. Check out was a breeze. This product is great and I am very happy. I am very happy to have this item in my collection and would purchase again at purchase price if in the market for it. I will tell my friends, family, and coworkers about this item and this seller. I am in no way affiliated with this company. This review and any review I make connected to this item are solely thoughts of my own. To the seller: Thank you very much for your great product, the opportunity to try it, your quick order processing time, and for being a great seller. I wish all sellers were like you and all products were of this caliber and quality. I would like to try more products from this seller in the near future. I highly doubt I would be disappointed. This seller aims to please. Thank you again. A + + + + To the potential buyer: buy away!! :) Products and sellers like this make shopping online a wonderful thing and a great experience. I canâ™t wait to see what other products there are like this one. Thank you for this God Gave Us Two Hardcover â “ September 18, 2001by Lisa Tawn Bergren (Author), Laura J. Bryant (Author)
