Cars, Trains & Things That Go > Cars & Trucks #1690 inÂ  Books > Children's Books > Animals

Grade Level: Preschool and up

## Customer Reviews

Got this book because my little one loved Richard Scarry's Big Book of Things That Go. Thought this one would be neat because it was just cars and trucks. It is neat, but it is tiny, pocket-sized, would fit in your purse. Didn't catch that in the description. It has turned out to be a nice, hearty car book though, so I would rate it good for that purpose. Also, if you are looking for a toddler-proof board book intro to Richard Scarry, this is good for that too. If your little one can handle regular pages and regular sized books though, then just get the big book.

My mother-in-law bought this book for my one-year old, and he absolutely loves it. He grabs the book and points to all the different trucks. It's definitely helping him expand his transportation vocabulary! It's nice to have a Richard Scarry board book too that your toddler can't rip apart.

Nice size for a toddler to manipulate, easy to throw into a diaper bag, sturdy, bright pictures and lots to look at without being too busy. I loved the big Richard Scarry books when I was little but my son is at that "can I rip this out of here" stage so we have to stick with board books right now and I was so happy to find out that there were some that will introduce my little guy to the bigger books! I look

forward to our next purchase for sure!

I bought this for my almost 2-year-old grandson who is fascinated by anything with wheels! It is his favorite book and we have already spent many hours, looking at all the pictures, repeating the names of all the different kinds of vehicles and laughing at the silly ones, like the "pickle truck". Definitely recommend it as a valuable learning tool and for its entertainment value.

My two year old vehicle enthusiast is VERY fond of this book. We spend a lot of time looking at all the different trucks! I like that it is small enough to toss in my diaper bag.

Our little one loves the different trucks featured and there are even some enjoyable moments for the adult helping with the reading.

My kid loves these Busytown books, but this one is just ok. There's not much to look at and the pictures are meh.

Great book ! Loved by both grandson's ! Will be shopping for Christmas soon ! Great author! Great transaction !
